

# RED RIVER EYE & LASER C E N T E R

THOMAS A. PLANCHARD, M.D.

## WELCOME TO RED RIVER EYE & LASER CENTER

Thank you for choosing our office for your complimentary laser vision correction screening/consultation. Please know that your vision is our number one concern.

One thing we do want to emphasize is that this exam is strictly a laser vision screening/consultation. This is not an exam for glasses, contact lenses, or any other medical eye problem.

I understand that this is a laser vision screening/consultation only and not an exam for a glasses or contact lens prescription.

Patient signature

In the event that I am not a candidate for laser vision correction and want a comprehensive eye exam for glasses, contacts, or any other medical problem - I will be charged a regular exam fee. I will either pay for the exam at the time of service or have my insurance filed provided no referral is needed.
